

The Pacific Northwest Carpenters Institute (PNCI) is proud to have been selected as a Clean Energy Works Portland Weatherization training provider. PNCI has provided training to Carpenters in Oregon, SW Washington and Southern Idaho for over fifty years. We are looking forward to breaking new ground in the industry, and to be of assistance in your Company's staffing needs.

*Providing  
Training for:*

Carpenters  
Millwrights  
Pile Drivers  
Exterior  
& Interior Specialists  
Scaffold Erectors  
Trade Show

To make the employment process easier for both the employer and potential employees, PNCI will assist contractors in connecting with members who have completed the Weatherization program. PNCI will contact these individuals if so desired with your company's contact information, and any other information regarding employment with your company. We will also provide you with the individual's information and also assist you with applications, interviews or any area you may require assistance.

We will follow up and provide mentoring to employees to ensure that we are meeting all of the requirements of Clean Energy Works Portland/Community Workforce Agreement. Our goal is to provide you, the contractor with the best highly skilled trained work force possible.

We encourage you to please contact PNCI Assistant Director Bob Calwhite at 503-287-3708 or [bobcalwhite@pnci.org](mailto:bobcalwhite@pnci.org) for information on hiring our Weatherization graduates or with any other inquiries regarding Clean Energy Works Portland Weatherization Program.

Sincerely,

Bob Calwhite  
Assistant Director  
PNCI
